Pulaski shows KINDNESS!

During the month of December, students were working hard spreading kindness school-wide by completing acts of kindness. As these acts were completed we were able to watch our kindness tree grow! -In a world where you can be anything, be KIND!

As part of our 12 days of kindness, Pulaski’s Elf, Kandy, set a daily mission for our students and staff. For example, students were asked to give a compliment, smile at as many people as they could, make a card for someone, and many other acts of kindness. Our students showed us daily how important it is to be kind to others.
